Fairchester Schools: 2008 Guide School Choice  
International 2008 This indispensable guide to private  
schools in Fairfield and Westchester counties provides all  
the inside scoop that you need to know to select just the  
right school for your child if you are moving into the area  
or your child is changing schools. Where do you start? To  
answer that question School Choice International has  
produced this directory to private schools in Westchester

County, NY, and Fairfield County, CT, to help families find the right school for their child. Each school has been asked: \*What sort of child would thrive at this school? \*What are parents looking for who send their child to this school? \*What is the experience of children transferring to this school? \*What are you most proud of? School Choice International is an educational consulting firm specializing in helping families relocating internationally and domestically find the right schools for their children. Established in 1998, School Choice has over 90 consultants in more than 40 locations worldwide with considerable knowledge and experience of the different educational systems and practices around the world. School Choice has 9 consultants working in Westchester County and Fairfield County, including two special needs educators.

Teachers' Ages and Their Perceptions of Factors that Affect the Use of Technology at Totaro Elementary School in Brunswick County Claudia D. Cochran 2005  
Urban Educational Identity Sara M. Childers 2016-09-13  
WINNER 2017 O.L. Davis, Jr. AATC Outstanding Book in Education Award WINNER 2017 American Educational Studies Association Critics Choice Award Through rich ethnographic detail, *Urban Educational Identity* captures the complexities of urban education by documenting the everyday practices of teaching and learning at a high-achieving, high-poverty school. Drawing on over two years of intensive fieldwork and analysis, author Sara M. Childers shows how students, teachers, and parents work both within and against traditional deficit discourses to demonstrate the challenges and paradoxes of urban

schooling. It offers an up-close description of how macro-government policies are interpreted, applied, and even subverted for better or worse by students as active agents in their own education. The book moves on to develop and analyze the concept of "urban cachet," tracing how conceptions of race and class were deeply entwined with the very practices for success that propelled students towards graduation and college entrance. A poignant, insightful, and practical analysis, *Urban Educational Identity* is a timely exploration of how race and class continue to matter in schools.

2018-05-24 *The First and Ten Mentoring Program* is

based on a football metaphor that is infused into the

academic and social setting. It encourages and empowers

students to collaborate through a team effort. This unique

program helps build self-esteem, especially with African

American Males and other youth experiencing challenges.

It is an activity that can be utilized in the classroom by

teachers. In addition, a motivational tool at home for

parents, to enhance and encourage students to move

toward academic growth. The motto of First and Ten

Mentoring is, WE BELIEVE-WE CAN ACHIEVE!

American Schools William H. Cosby 2000-10-01 From Bill Cosby, actor, entertainer, and "New York Times" bestselling author of "Fatherhood" and "Congratulations (Now What?)" comes a groundbreaking eBook with the potential to reinvent education in America. Exchanging comedy for community activism, Bill Cosby teams up with Dwight Allen, Eminent Professor of Education Reform at Old Dominion University, to issue a challenge to the federal government and the new captains of industry: produce one hundred billion dollars and reform, revamp, and reinvent our schools. Together, Cosby and Allen do more than discuss the problems -- the crumbling buildings, flagging test scores, and failing students -- they offer concrete solutions, outlining a point-by-point plan for putting dot-com dollars to work. To Write in the Light of Freedom William Sturkey 2015-02-  
16 Fifty years after Freedom Summer, To Write in the  
Light of Freedom offers a glimpse into the hearts of the  
African American youths who attended the Mississippi  
Freedom Schools in 1964. One of the most successful  
initiatives of Freedom Summer, more than forty Freedom  
Schools opened doors to thousands of young African  
American students. Here they learned civics, politics, and  
history, curriculum that helped them instead of the  
degrading lessons supporting segregation and Jim Crow  
and sanctioned by White Citizen's Councils. Young  
people enhanced their self-esteem and gained a new  
outlook on the future. And at more than a dozen of these  
schools, students wrote, edited, printed and published  
their own newspapers. For more than five decades, the  
Mississippi Freedom Schools have served as powerful  
models of educational activism. Yet, little has been  
published that documents black Mississippi youths'  
responses to this profound experience.
