motivation and social presence in synchronous computer-mediated communication'. Unpublished PhD thesis, University of Edinburgh. Lynch, Tony (1997) Life in the slow lane: observations of a limited second language listener.

The impact of Ibero?American science on global bioethical ...

Science Core Collection (WoS CC) and Scopus databases. These da-tabases were accessed through the Spanish Science and Technology Foundation (FECYT), including the literature referenced in these da - tabases11 up to 2019. In order to retrieve bioethics-related papers, a specific search equation was designed in each database.

THE USE AND EFFECT OF SMARTPHONES IN STUDENTS' ...

3 documents, to mention but a few. No wonder there is an exponential use of social media as a result of the emergence of the smartphone. According to Masiu & Chukwuere (2018), in the 21st century, smartphones have vastly increased due to its ...

The impact of ICT on learning: A review of research - ed

specifically designed to address specific conceptual difficulties in subjects such as science or mathematics. Other studies in the 1970s measured the impact of learning through traditional pre- and post-tests using experimental and control groups. Their performance was usually assessed by the conventional end-of-year examinations. Box Score Method

Connectivism: A Learning Theory for the Digital Age

Cognitivism often takes a computer information processing model. Learning is viewed as a process of inputs, managed in short term memory, and coded for long-term recall. Cindy Buell details this process: "In cognitive theories, knowledge is viewed as symbolic mental constructs in the learner's mind, and the learning process is the means by which
