A Seniors Guide to iPhone 12 Mini Scott La Counte 2020-09-21 ??? Let's get started with iPhone 12 Mini ??? Apple proved it can still pull off a surprise in 2020 when it unveiled the iPhone 12 Mini. It's small, surprisingly affordable, and packed with all the powerful features people expect from an iPhone. But how do you use it?! I'm sure you are excited to use the phone, and maybe you even have! But if you really want to get the most out of your phone, then this guide will help. It skips all the highly technical and advanced stuff and tells you only about the things people actually use! If you are looking for a guide to help you get up and running as quickly as possible, then this book will help. It covers: What's new to iOS 14 The difference between all the phones Using an iPhone that doesn't have a Home button Using Face ID How to add widgets to your Home screen Organizing apps with the App Library Buying, removing, rearranging, updating apps Taking, editing, organizing and sharing photos Apple Services Using Siri Using pre-installed apps like Notes, Calendar, Reminders, and more Making phone calls and sending messages Must have apps And much, much more! Are you ready to start enjoying your new iPhone? Then let's get started! Note: This book is not endorsed by Apple, Inc and should be considered unofficial. It is based on "The Ridiculously Simple Guide to iPhone 12 Mini" but has extra content covering accessibility.

iPhone X For Dummies Edward C. Baig 2017-12-15 Get the most out of your iPhone X Apple's iPhone X represents such a radical departure from all previous models of the globally known iPhone that it needs its own book to help users navigate the new features. Luckily, iPhone X For Dummies is here to provide the guidance you need to figure out the features of your new iPhone and the software that powers it. Written by the experts who've created all previous editions of iPhone For Dummies, this book takes a deep dive into this fabulous new phone and its unique controls. It then delves into iOS 11 and how it works on the iPhone X. It leaves no stone unturned and offers all the in-depth coverage you need to make your iPhone X work for you—right out of the box! Control your iPhone X with iOS 11 gestures Explore advanced camera tools that produce stunning photos Set up face recognition to access your phone with a smile Charge your iPhone wirelessly If you've invested in this awesome new device, you deserve to get the very most out of it. And this book shows you how!

Laptops For Seniors For Dummies Nancy C. Muir 2010-02-12

Computers for Seniors for Dummies Nancy Muir 2009-09-19 The first time I heard the term "computer crash," I started worrying about the challenge of mastering these machines. Frankly I had all the gear but little or no idea on how to even get started. With no accelerator, no brake, not even a steering wheel, how was I going to control and do something useful with this computer? It doesn't have to be that way as long as you have the proper instruction. Get your first computer driving lessons from Computers For Seniors For Dummies. The For Dummies team is known for making even the most difficult subjects easy - and fun - to master. In this book, you find the ideal road map for finding your way around a personal computer, your PC (learnt something new already!) for the first time. Using Computers For Seniors For Dummies, you discover how to set up and fine tune your PC. You find out how to use Windows Vista - the petrol for your machine. Then the fun really begins! You can surf the vast world of the Internet to do anything from catching up on the latest news to finding out about a new hobby. (Be sure to visit me at [www.stirlingmoss.com](http://www.stirlingmoss.com)!) You can put your photos on the computer and share them with friends and family. You can play games. You can play music. You can shop for anything and everything under the sun. You can send greetings and gifts and join in online discussions. You can plan your vacations and print maps to your destination so you can get there without a wrong turn! And if you run into trouble, Computers For Seniors For Dummies has a repair shop - a section on working out and fixing the problem. Computers open up a great world of possibilities. You should be a part of it. With Computers For Seniors For Dummies, you have the power to participate in that world. If I can learn to drive a computer, although I still have my "L" plates on, so can you! Lose your fear and take control of your new machine with Computers For Seniors For Dummies - the book that is easy and fun to use and prepared especially for you.

Seniors Guide to iPhone Tom Rudderham 2021-01-11 The iPhone is one of the most useful pieces of technology you can buy. Not only can it make phone calls for you, but it can also browse the web, video call friends and family, and even take

Ring! Pick up—it's your new iPhone calling.

Grit Angela Duckworth 2016-05-03 In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls "grit." "Inspiration for non-geniuses everywhere" (People). The daughter of a scientist who frequently noted her lack of "genius," Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In Grit, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she's learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. "Duckworth's ideas about the cultivation of tenacity have clearly changed some lives for the better" (The New York Times Book Review). Among Grit's most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, Grit is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is "a fascinating tour of the psychological research on success" (The Wall Street Journal).

Android Smartphones For Seniors For Dummies Marsha Collier 2021-10-25 The quickest and easiest way to outsmart your Android smartphone Android smartphones, like the Samsung Galaxy and Google Pixel models, offer great ways to simplify and enhance your life. From easy ways to stay in touch with your friends and family to helpful reminders for everyday tasks, Android phones can keep you connected and current at all times. Sometimes, though, the learning curve can seem a little steep. But it doesn't have to! Android Phones For Seniors For Dummies is your one-stop guide to discovering the essentials on how to take charge of your Android-powered phone. It skips the techspeak and confusing

jargon to deliver key information in a straightforward and reader-friendly way. With this book, you'll learn to: Navigate your way around your smartphone so you can easily open and close apps, access info, and see photos Read your email and messages so you can stay in touch with the important people in your life Secure your phone so you can be assured that you, and only you, can access the sensitive data on it Printed using larger-print type and accompanied by full-color pictures that show you how to apply the step-by-step instructions, this easy handbook is the only resource you'll need to make the most of your Android phone.

iPhone For Dummies Edward C. Baig 2009-07-17 A full-color guide to the iPhone, including the new iPhone 3G S With its new 3G S model, the iPhone is definitely the must-have mobile device. Sure, it's great that you can log into a private network or set up an iMAP / POP email account--but what if you are retired and just want to know the basics--like how to do a group Facetime with all the grandkids! This book walks you through what you need to know step-by-step--including how navigation works now that the Home button is gone on some of the phones. It covers only what you need to know--so you don't have to comb through hundreds of pages of tech-speak just to find out how to do a common feature. This book is based on the bestselling book "The Ridiculously Simple Guide to iPhone X, XR, XS, and XS Max" but includes sections specifically for seniors (including

accessibility features that make text easier to see). Are you ready to start enjoying your new iPhone? Then let's get started! Note: This book is not endorsed by Apple and should be considered unofficial.

Android Phones For Dummies Dan Gookin 2016-09-26 Your full-color guide to putting your Android to work for you Your smartphone is essentially your lifeline—so it's no wonder you chose a simple-to-use, fun-to-customize, and easy-to-operate Android. Cutting through intimidating jargon and covering all the features you need to know about your Android phone, this down-to-earth guide arms you with the knowledge to set up and configure your device, get up and running with texting and emailing, access the Internet, navigate with GPS, synch with a PC, and so much more. Whether you're new to Android phones or have just upgraded to a new model, Android Phones For Dummies makes it fast and easy to make your new smartphone your minion. Written by bestselling author Dan Gookin, it walks you through the basics in a language you can understand before moving on to more advanced topics, like dialing tricks to forward calls, working with predictive text, accessing special characters, manipulating the touch screen, and using a USB connection to synchronize your stuff. Set up your phone and configure its settings Play games, listen to music, and start shooting photos and videos Join the conversation and have fun with social media Make your life easier with Google Voice typing No matter how you slice it, life with an Android phone is more organized and fun—and this book shows you how to make the most of it.

The One Device Brian Merchant 2017-06-20 The secret history of the invention that changed everything-and became the most profitable product in the world. NATIONAL BESTSELLER Shortlisted for the Financial Times Business Book of the Year Award One of the Best Business Books of 2016 - CNBC, Bloomberg, 1-800-CEO-Read "The One Device is a tour de force, with a fast-paced edge and heaps of analytical insight." -Ashlee Vance, New York Times bestselling author of Elon Musk "A stunning book. You will never look at your iPhone the same way again." -Dan Lyons, New York Times bestselling author of Disrupted Odds are that as you read this, an iPhone is within reach. But before Steve Jobs introduced us to "the one device," as he called it, a cell phone was merely what you used to make calls on the go. How did the iPhone transform our world and turn Apple into the most valuable company ever? Veteran technology journalist Brian Merchant reveals the inside story you won't hear from Cupertino-based on his exclusive interviews with the engineers, inventors, and developers who guided every stage of the iPhone's creation. This deep dive takes you from inside One Infinite Loop to 19th century France to WWII America, from the driest place on earth to a Kenyan pit of toxic e-waste, and even deep inside Shenzhen's notorious "suicide factories." It's a firsthand look at how the cutting-edge tech that makes the world work—touch screens, motion trackers, and even AI—made their way into our pockets. The One Device is a roadmap for design and engineering genius, an anthropology of the modern age, and an unprecedented view into

one of the most secretive companies in history. This is the untold account, ten years in the making, of the device that changed everything.

IOS 13 For Seniors Scott La Counte 2019-09-03 It covers only what most people want to know-so you don't have to comb through hundreds of pages of tech-speak just to find out how to do a common feature. The guide is based on new iPhone's that no longer have the Home button (iPhone X and up), so if you are updating from an earlier advice, then this guide won't be as useful to you.
