The White Coat Investor James M. Dahle 2014-01 Written by a practicing emergency physician, The White Coat Investor is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor "Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street "Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research." - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books "This book should be in every career counselor's office and delivered with every medical degree." - Rick Van Ness, Author of Common Sense Investing "The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without

feeling like a jerk." - Joe Jones, DO "Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis." - Dennis Bethel, MD "An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust." - Greg E Wilde, M.D

Personal Finance Strategies Robert Anderson 2020-02-05 Do you owe too much money? Are your debts crushing your spirit, embarrassing you, and stressing you out? You're not alone. The good news is that you can fix that. And this book will show you how. The debt trap is a serious problem. Who is in her, has a real problem. But most people react like rabbits to snakes: they just stand there paralyzed and do nothing until they are eaten. Keep a clear head and always tell yourself: There is nothing that can not be solved. You have to get out of your own rigidity and tackle the problem before it eats you. As usual in life, every problem also offers a chance to do better. You just have to analyze it clearly. When I have a mountain of debt, I have to part with things and habits that have become dear. Of course, it is difficult for those who have always sat only at the fleshpots, now only to be allowed to spoon the soup. But this is the way out of the debt trap, and you want to get out of it. You're about to learn time-tested strategies for winning your battles with debt. And I'm also going to share with you some strategies for increasing your income, as well as some important precautions you can take to minimize the risk of unforeseen events ruining your plans.

She was tired of listening to middle-aged men in suits tell her to consolidate and refinance her debt when all that seemed to happen was she'd end up in more of it while they profited from it. When Kelly figured out the two most important tools to money management—and started achieving massive results—other women wanted to join in on the debt-free journey. With her sense of humor and straight-shooting sensibilities, Erin began transforming lives. This book is not only a step-by-step process that will walk you through how to pay off your debt—it's a deeply personal journey centered around changing your mindset. As you master each of the three phases through repetition, you will create your own financial freedom, allowing you to live debt-free forever and create wealth and abundance that will positively impact your life—and the people you love and serve. No matter how much consumer debt you carry, this book is a judgment-free zone from cover-to-cover. Your dreams are welcome here.

Financial Freedom at Any Age Steve E. Carruso 2019-04-16 Are you tired of watching your bank account drain and credit card balances rise? ...All while wondering where the heck your money is going? Living without money worries isn't a fantasy, but if you know the feeling of staring at tens of thousands of dollars worth of debt – it sure feels like it The average American now has \$38,000 worth of debt... What's even more shocking is, that figure excludes

mortgages! The good news is, the path to financial freedom is 20% knowledge, 80% behavior... But you must have the right knowledge. Knowledge which isn't taught in school or by your parents. Which is why so many people are still living paycheck-to-paycheck each month. So if you're one of them, don't worry. Here's the deal. Most conventional debt and financial advice is overly complicated and irrelevant to the average American. What's worse is... this advice is often designed to benefit the credit card companies... and not you and your family! In fact, you only need to follow a few key principles to turn your financial life around. By following the proven steps inside... you can properly pay-off your debt... and pay for your life... without relying on credit cards. Here's just a fraction of what you'll learn inside: How to master budgeting without limiting your lifestyle (no, it's not just skipping coffees every day) The guilt free way to spend (yes, spend) money Why the popular envelope method doesn't actually work. And what to do instead. 5 hacks for increasing your credit score (even if it's in the 400s right now) How one couple paid off \$78,000 in less than 2 years. And how you can replicate their methods. What the millionaire next door types know, that you don't The correct way to save for emergencies A house is the best investment, right? Think again after reading this. 7 dangerous money myths which have been masquerading as truths for far too long Investing for absolute beginners - why the stock market, mutual funds or Roth IRAs are not terms you should fear 3 overlooked ways to turn every credit card you have from an expense into a goldmine The #1 type of investment to avoid as a new investor The win-win strategy for ensuring your employer invests in your future ...and much, much more. This isn't one of those "frugal living" books which tells you to live off rice and beans while never leaving the house for 10 years. This isn't a get rich quick off buying and flipping houses book either. Instead, you'll find no-nonsense, easy-to-follow advice - without any complicated financial language. Along with step-by-step guides for getting out of debt, plus how to make some extra cash on the side. So you can cover your car payments... Take a well deserved vacation... Or simply have a bigger safety net in your bank account... This is the book you wish you read in your 20s. [Replace Your Mortgage](#) Michael Lush 2016-04-21 If you could pay off your mortgage in even a third of the time instead of waiting thirty years to pay it off, wouldn't you want to know how to do that? It's possible with the right home loan. While it may seem unbelievable, it comes down to math and a little education that banks prefer homeowners not know about. Michael Lush has spent fifteen years as a mortgage originator helping consumers get into their dream home. After speaking to a wealthy mentor of his, he then stumbled across how the wealthy finance their homes using lines of credit. Along with

his co-author, David Dutton, Lush now teaches future homeowners, present homeowners as well as successful real estate investors how to use a simple home equity line of credit to pay off a home in 5-7 years. In this book you will learn: - The case against a mortgage from a 15 year mortgage veteran. - Why making extra payments on a mortgage vs a HELOC is still slower and also locks your money up until you sell your home. - 2 important reasons why this strategy isn't more well known. - How to pay off a home faster even if you have very little equity. - 5 powerful resources that will help you get started quickly to becoming mortgage free. - Pros and Cons of a HELOC - The deadly mistakes homeowners make when using a HELOC - How to build a real estate empire. - How to buy a vacation home and pay it off quickly (See chapter 9) Before you even think about signing on for a thirty year mortgage, you owe it to yourself to read this book as well as check out their popular Youtube channel.

How to be Debt Free Income Mastery 2020-01-11 Today, many people live what is known as "the uncertainty of money"; the poor class and the middle class lived under certain rules of money, and while it is regrettable to say it, it is happening today. After the uncertainty of what may happen, people are acting and living financially according to the old "study an important career, work hard to earn a good salary, save money and spend it." Not to mention that this system does not currently work; the quiet behind the facts has led the new generations to save money, people sit on a sack of money while they think they are saving it for their benefit or hoping that the situation they are living now will be stabilize, and on the other hand there are those who are "saving to spend later" without understanding that savings lose value, especially when inflation reaches and grows faster than interest paid on savings accounts. If you are those who don't what to do with money, keep reading This book includes: 1. Debts, Vehicle Loans, Student Loans, Mortgages, and More 2. Having debts has its advantages 3. Good debt and bad debt 4. Debt capacity 5. And much more Keep waiting on taking this decision and you will regret it. Click on the buy now button and start changing your mindset

Crush Debt Now! Tom Cromwell 2020-10-25 Find out how thousands have become debt free using these steps no matter how much they owed. Discover how to crush your debt problems..... Do you have excessive debts with no idea how you will pay them off? Are you being pursued by your creditors, receiving aggressive phone calls from debt collectors, and letters demanding payment? Are your lenders threatening you with court action and garnishing your wages? 15% of Americans said that they had been pursued by a debt collector, according to a report by the Consumer Financial Protection bureau in 2017[1]. Only one in four of these attended the court hearing. In all the other cases, it is almost certain the collectors will have benefited from default

decisions in their favor. A judgment that would allow the debt collector to garnish wages or sequester other assets. If any of these situations apply to you, this book provides the solutions. Using the 3 step negotiating strategy in this book is a proven approach for drastic debt reductions for people of all different backgrounds and income levels. One extreme case involved restructuring and renegotiating over \$190,000 of unsecured debt and loans, for a fraction of that value. By reading this book, you will discover How to negotiate with your creditors - and win! What to do if your creditors attempt to sequester your assets or wages. Learn about the legal processes and how to fight or stop the process. How to fight debt collections calls. When not to use loan consolidation and why these are frequently scam attacks Understand your debts, how and why they are draining your health and wealth. Discover if your debt is unsustainable. Save money on all different types of debt including utilities, taxes, mortgages, rent, vehicle loans, student debt, credit cards, and other loans How and when to use nuclear options of bankruptcy and insolvency. This book was created to help you with serious and chronic debt problems. It is not aimed at those who are a few thousand dollars in debt who want to pay down their debts, and need to manage their budget better, and create savings. This is the topic of our first book in the Personal Finance Wizard series "Perpetually broke: living beyond your income". "Crush Debt Now" is intended for debtors with unsustainable and severe financial issues, where some or all of the debt is already delinquent. Tom Cromwell has drawn on a wealth of practical and commercial financial experience in writing this series of books on personal finance. He shared an upbringing that showed the value of every penny earned or spent but also learned that many other people, even those earning good salaries, have an uncomfortable relationship with money. He can show you how it possible to rise, phoenix-like, from almost any situation, however desperate it may seem. In this book, we will cover practical examples and give advice to dramatically reduce the burden of your unsustainable debts, and bring back sanity to your finances. When you follow the step-by-step guide for all types of personal debts, then you can expect to save thousands or even tens of thousands (of dollars) in repayments. You can crush your outstanding debt and be completely free and become financially solvent within a year. Your debts are growing every day, start reading before your situation spirals beyond redemption, and decisions are out of your hands. The Spender's Guide to Debt-Free Living Anna Newell Jones 2016-04-26

Popular blogger Anna Newell Jones of AndThenWeSaved.com delivers this self-help manifesto that reveals how a "spending fast" will help you get on the road to living debt-free. In 2009, young photographer Anna Newell Jones was rapidly suffocating under the weight of too much debt. An inveterate "spender," she was in way over her head, to the tune of almost \$24,000. She knew her debt was only going to get worse if she didn't take action, but she didn't know where to look for help. On a whim, Anna decided to go on a spending fast—an idea she heard in passing but knew little about. Creating her own method, she learned what worked and what didn't and wrote about it on her blog, AndThenWeSaved.com. Amazingly, Anna was able to eliminate all \$23,605.10 of her debt in only 15 months! She was interviewed in Forbes, Self, Glamour, Good Housekeeping, and the Chicago Tribune. Anna's journey inspired people and showed them that they too could change the way they dealt with their own money woes. The Spender's Guide To Debt-Free Living takes readers through a detailed step-by-step plan on how to do a Spending Fast and get out of debt, including: Creating a personalized Debt-Free Life Pledge. Understanding where your money is going when you're in debt, and where it will come from to pay it off. Learning why putting money into a savings account before (or while) paying off debt may not be the best idea for you. Finding additional income sources and generating side gigs. Re-integrating spending into your life once you're out of debt, so that you stay out of debt. Filled with do-it-yourself ideas, insight from experts, and tons of motivational tips and real-life practical advice, The Spender's Guide to Debt-Free Living proves that you don't have to win the lottery or get a new job to change your life.

Student Loan Forgiveness Or Ten Years to Life? Dane Spancake 2016-07-28
Repaying college loans can be so complicated it's been said that before graduating, students should be required to take a course on the subject. But many students end up researching their options without much help, and answers on how to eliminate debt are hard to come by--something that can be tremendously frustrating. Dane Spancake, a federal student loan counselor at Pennsylvania Higher Education Assistance Authority, helps you navigate the loan landscape with this guidebook. Learn how to: evaluate the positives and negatives of repayment schedule choices; weigh the pros and cons of income-driven repayment options versus alternative options; and determine if you

qualify for loan forgiveness. You'll also learn how interest rates are determined, how annual payments are calculated, and the benefits of making consistent loan payments versus postponing repayment. Discover what you're up against when it comes to repaying college loans--and pick the strategy that makes the most sense for you with Student Loan Forgiveness or Ten Years to Life?

The Total Money Makeover Dave Ramsey 2009-12-29 A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

Financial Freedom Grant Sabatier 2020-04-07 The International Bestseller

"This book blew my mind. More importantly, it made financial independence seem achievable. I read Financial Freedom three times, cover-to-cover."

—Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. Financial Freedom is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to:

- * Create profitable side hustles that you can turn into passive income streams or full-time businesses
- * Save money without giving up what makes you happy
- * Negotiate more out of your employer than you thought possible
- * Travel the world for less
- * Live for free--or better yet, make money on your living situation
- * Create a simple, money-making portfolio that only needs minor adjustments
- * Think creatively--there are so many ways to make money, but we don't see them.

But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

Debt-Free Degree Anthony O'Neal 2019-10-07 Every parent wants the best for their child. That's why they send them to college! But most parents struggle to pay for school and end up turning to student loans. That's why the majority of graduates walk away with \$35,000 in student loan debt and no clue what that debt will really cost them.¹ Student loan debt doesn't open doors for young adults—it closes them. They postpone getting married and starting a family. That debt even takes away their freedom to pursue their dreams. But there is a different way. Going to college without student loans is possible! In Debt-Free Degree, Anthony O'Neal teaches parents how to get their child through school without debt, even if they haven't saved for it. He also shows parents: *How to prepare their child for college *Which classes to take in high school *How and when to take the ACT and SAT *The right way to do college visits *How to choose a major A college education is supposed to prepare a graduate for their future, not rob them of their paycheck and freedom for decades. Debt-Free Degree shows parents how to pay cash for college and set their child up to succeed for life.

How to be Debt Free Income Mastery 2020-01-10 Today, many people live what is known as "the uncertainty of money"; the poor class and the middle class lived under certain rules of money, and while it is regrettable to say it, it is happening today. After the uncertainty of what may happen, people are acting and living financially according to the old "study an important career, work hard to earn a good salary, save money and spend it." Not to mention that this system does not currently work; the quiet behind the facts has led the new generations to save money, people sit on a sack of money while they think they are saving it for their benefit or hoping that the situation they are living now will be stabilize, and on the other hand there are those who are "saving to spend later" without understanding that savings lose value, especially when inflation reaches and grows faster than interest paid on savings accounts. If you are those who don't what to do with money, keep reading This book includes: 8. How money calls money 9. Myths and truths behind money making 10. The P.I.L.L. Method Don Daniel 2019 If you've been sensing that there is a better way to eliminate debt, you are 100% correct. Never before in history has there been a book devoted to educating consumers on interest cancellation and opportunity cost calculation, until now. The PILL Method exists to tell you the truth about money, debt and the interest you pay. This book was written to help you understand the power of the penny (how much interest each penny can cancel when optimized) instead of relying on heuristics (rules of thumb). Many tools that are taught as best practices such as the debt snowball, avalanche method, and rounding up your payments can actually cause you to prolong the life of your loans by paying \$30,000 to \$50,000 more in interest than you should. In this book you will learn: · The history of amortization in America · How to gather small amounts of money and apply them as principal prepayments · How to reverse the leveraging action of amortization so you can cut interest costs · How an opportunity cost calculator can aid you in the process of retiring all of your debt in 7 to 9 years If your goal is to borrow money at the deepest discount, make interest when investing or save interest when you borrow, this is the perfect book for you. Once you gain an accurate sense of principal reduction costs you can appreciate the effect of optimized interest savings through interest cancellation. If you are ready to stop trusting your feelings and start relying on math, The PILL Method holds the answers to your financial questions.

Rich Dad, Poor Dad Robert T. Kiyosaki 2016-04-27 Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."
