Generations of readers have found that it has more to teach them about markets and people than years of experience. This is a timeless tale that will enrich your life - and your portfolio. Well known investor: Benjamin Graham, Warren Buffett, Philip Arthur Fisher, John Burr Williams, Charlie Munger, George Soros

Trade Your Way to Financial Freedom, 2nd Edition Van Tharp 2006 The bestselling holy grail of trading information--now brought completely up to date to give traders an edge in the marketplace "Sound trading advice and lots of ideas you can use to develop your own trading methodology."--Jack Schwager, author of Market Wizards and The New Market Wizards This trading masterpiece has been fully updated to address all the concerns of today's market environment. With substantial new material, this second edition features Tharp's new 17-step trading model. Trade Your Way to Financial Freedom also addresses reward to risk multiples, as well as insightful new interviews with top traders, and features updated examples and charts.

Get Rich Action Plan Jay Tomlinson 2016-03-22 You Don't Need to Make Millions to Get Rich. Believe Me. This comprehensive 8-step guide provides the blueprint to achieve financial freedom at a young age, regardless of income. No B.S., just answers. In Get Rich Action Plan, you will learn the lifelong habits to become financially independent sooner than you thought possible. Do we really need another personal finance book? YES. The outdated status quo advice of "Save 10% for 40+ years" simply doesn't work. It's time to rethink the conventional wisdom that only serves to continue the vicious cycle of wage slavery and the "live to work" mentality. In an age of globalization and abundance, I'm here to tell you there is another way! It is time to change how we think about personal finance, budgeting, and investing. The 8 steps in this book each work in unison to create a rapid snowball effect that will make your money work for you immediately, so you can afford time off of work or even retire in your 30's. From saving money to investing to growing your income, all of the specifics are covered in this action plan. Get Started on the Right Foot and Change How You Think About Finances I have never made much money by Western standards. In fact, I have never made more than a middle class income. But by employing these strategies, I was able to increase my net worth dramatically at a very young age. It took only 6 years of full-time employment to build an "FU money" fund of hundreds of thousands of dollars, providing me the freedom to travel and take time off of work to pursue other interests. I was able to do this by quickly taking action and ignoring conventional advice. After years of trial and error, I have developed a strategy and philosophy that simply works. And I want to share with you everything I have done to build this large nest egg. I have nothing to hide. The truth is that the path to wealth is not complicated, and you do not need to make millions to get there. More and more of us are realizing that financial freedom is possible in 10 years or less. But the media will never tell you this. Your politicians will never tell you this. They want you to live to work instead of work to live. Now is the time to flip the script and live free! The Time To Take Action Was Yesterday. The Next Best Time is Now. Whether you are in your 20's and looking for sound advice to get started, or you're later in your career and haven't really thought about financial freedom, it's not too late to start! Once you put these systems in

place, financial independence will no longer be a lifelong battle. Ditch the 40-year plan and live the life you want to live. Get started today! BONUS MATERIAL INCLUDED I'm also excited to share FREE bonus material that highlights "27 Ways I Slashed My Budget By \$1818 Per Month." A link to the free PDF is included in the book! Adhering to the strategies in this book and in the free bonus guide will grow your net worth by thousands in the first year and hundreds of thousands over your lifetime! What are you waiting for? Click the "Buy Now" button above and get started today!

Three Steps to Wealth & Financial Security Gary M. Laturno 2013-07-18 "I recommend this book highly as one of the 10 most important 'must read' books published this year," Robert Plotkin, Founding President, World Trade Center San Diego. "Three Steps to Wealth & Financial Security – All That Glitters Isn't Gold" is a back to basics, easy to use guide to reassert financial control and secure your financial future. The book draws on real world examples that husband-and-wife authors attorney Gary Laturno, Esq. and Victoria Kuick, MBA, have encountered in counseling over two thousand homeowners in financial distress since 2007. As a result, the book will be an easy read for people who find financial matters confusing or even frightening. The authors' straightforward guidance and recommendations will help many take charge of their financial futures. Comments by Readers: I read your book last night. I'm incredibly impressed! It's a huge undertaking to present an enormous wealth of REALLY important and helpful information in a streamlined way...but you guys did it! And, I think your readers will really appreciate the genuine tone and straightforward approach—life changing stuff. Great job! I see this book distributed in high schools, colleges (law schools particularly—some lawyers are not great when it comes to financial matters), vocational schools, and the like. I hope you're aiming to reach the masses with this one—the subject matter is so salient right now, and this information is really resonating with people. Jennifer Manganello, Esq., University of California, Hastings College of the Law I just finished reading your book. Outstanding! I love the unique way it was written in PowerPoint format—original, straightforward, and easy to follow. The information the book contains, and how it is explained, makes it stand out. You do not allow the reader to blame others or make excuses about their financial situation. You tell them to look in the mirror, take responsibility, and you show them that money problems are not hopeless but fixable. The stock and real estate investing sections are informative and easy to understand. You take the complexity out of stock market investing. You show real estate investors the pitfalls to avoid. Readers will especially benefit from how you compare and contrast real estate investing with the stock market and other investments — bonds, precious metals and cash. It's evident the book was written from firsthand experience, making it truly authentic. I am impressed both by your credentials and your experience counseling over 2,000 homeowners in financial distress since 2007. This book cuts to the core of what people need to know and do to put their financial house in order. I highly recommend your book! Read it and you will substantially increase your financial I.Q. Dory Laramore, Certified Registered Tax Preparer, and author of Get Your Finances Right: The Foundation for Success "Three Steps to Wealth & Financial Security" is well written, concise and provides a wealth of financial advice for every American. The authors ask and answer a number of profound questions. What are the lessons of the housing crisis? Why are savings rates in the United States so low? Why do so many retire on Social Security only? Why do so many mismanage their financial affairs? How do we put our financial house in order? What do we need to know and do to be financially secure? Understand the mistakes that so many made and continue to make. Fine tune your financial plan and money management skills. Recommendation: Read the book! Money management, financial planning, and wealth building are mandatory subjects not electives. Andrew J. Sussman, Esq., Partner, RSR Law Group, San Diego, California

Teen Investing Warren Miller 2021-07-06 *** Do you want to become a millionaire just by investing in the market the money you make from babysitting the neighbor's child, two night per week? Do you want to discover how to save and invest money in the market now and build a wealthy dream future for tomorrow? *** If yes, then keep reading... Investing isn't an impossible task. You don't have to be born with a silver spoon in your mouth to build up your wealth to seven figures. Most people see the stock market as a "dangerous" place to win or lose fortunes - and they pass this terrifying view on to their children as well. But if you start investing and trading as a teenager, you will have more than half a century to make your investments and profits. The purpose of this guide is to reveal that investing is not all that complicated. What's more, the financial rewards of investing are well worth the effort and time needed to learn a few good principles. This guide will help you understand how to invest your money, show you where to find opportunities for investment and give you valuable tips on building an investment portfolio. But also how to set aside and grow your money to achieve all of your goals, whether they are buying a video game or a PlayStation or saving money for college. In this book you will learn: What Are the Best Reason to Start to Investing Now How to Set Smart Financial Goals How the Power of Compounding Interest Can Work for You Why You Should Start to Invest in Bonds, Stocks and ETFs How to Choose Between Types of Investments What Are the Worst Pitfalls of Early and Good Investors (and How to Avoid Them) Laws, Taxes and Tax-Friendly Investments: Tips for Parents Why You Should Start to Invest in The Stock Market How A Rare Edition of a comic book could Make You Money 5 Proven Strategies to Manage Your Investments The 5 Best Apps to Manage and Invest your Money ...And much more! Investing is simply the act of using your cash to make more cash. This book will explain you how and why stocks, bonds, crypto, mutual funds, ETFs or even comic books-any asset have the potential to generate a financial return over time. What are you waiting for? Click buy now and be the next millionaire!

Super Trader: Make Consistent Profits in Good and Bad Markets Van Tharp 2009-08-28 How do you transform yourself from mild-mannered investor to Super Trader? Think clearly. Plan accordingly. Commit completely. In other words, become a trader. And no one is better suited to help you make the transformation than legendary trading educator and author Van K. Tharp. Combining the sharp insight and technical brilliance that has drawn legions of investors to his books and seminars, Tharp provides a holistic approach for becoming a successful full-time trader. His system—a meld of investing psychology and sound trading practice—is the secret to achieving optimum conditions that produce results in both bull and bear markets. Using the lessons of Super Trader, you will approach trading as you would a small business—realistically, systematically, and enthusiastically. Drawing on his decades of experience, Tharp has created a simple plan designed to help anyone master the market. You can put this plan to use immediately in order to: Master the psychology of trading Craft a "business plan"—a working document to guide your trading Develop a trading system tailored for your personal needs and skills Create position-sizing strategies to meet your objectives Monitor yourself constantly to minimize mistakes Throughout the book, Tharp asks the pertinent questions you must ask yourself about becoming a trader, being a trader, and succeeding as a trader. The rewards that come with being a Super Trader—both financial and personal—make you feel as if you can leap small buildings in a single bound. Whatever your skill level, Tharp provides the formula for succeeding in a field where most people fail.

Safe Strategies for Financial Freedom Van K. Tharp 2004-05-22 Commonsense Rules for Financial Freedom--Anyone Can Do It! Concise, clear explanations follow, with helpful tips and stories from seasoned financial professionals focused on helping clients manage risk and fund their good life.

My Mommy Is a Stock Trader Jennifer Pioli 2013-08-02 My name is Susie. I have a little brother named Billie. This is our dog Warren and our cat's name is Vix. Our Mommy is a Stock Trader. Jennifer Pioli's delightful interactive activity book entitled My Mommy is a Stock Trader introduces children as young as five years old to the "colorful" world of investing! Kids will have plenty to do as they read, color, and write their way through this fun and educational book. Meet Susie. Her mother is a stock trader, and Susie would like to teach kids all about what exactly her mom does. Children will get the most out of these basic lessons in investing by interacting directly with the story. This happens through completing basic exercises, coloring pictures, and reading about the stock market in terms that are easy and simple to understand. My Mommy is a Stock Trader isn't your typical children's book! Through the storyline and various activities, kids will learn all sorts of new and exciting facts about the stock market. They will become familiar with what a stock chart is and how to read it, and will be able to identify up and down price movement. As the story of Susie and her stock trader mother continues, children can learn to identify the stock symbols of some of their favorite family friendly companies, as well as identify what types of products and services are made by companies that offer publicly traded stocks. This is only the beginning, however, as the fundamentals of investing are given in small digestible bites that make it easy for everyone to understand! Parents and children alike will find My Mommy is a Stock Trader a fun way to learn all the basics about a very real world topic. Those looking for an inventive way to incorporate learning into their child's playtime should look no further. With plenty of whimsical pictures and educational activities, this is so much more than your average coloring book! Suitable for children ages five years and older, My Mommy is a Stock Trader aims to expose kids from an early age to the endless possibilities that investing in the stock market has to offer. Encouraging early education can lead to a lifelong interest in the money management field. My Mommy is a Stock Trader proves that it is never too young to introduce the beginnings of what can eventually become a richly rewarding career path.

The Leverage Equation Todd R. Tresidder 2018-12-04 In The Leverage Equation: How to Work Less, Make More, and Cut 30 Years Off Your Retirement Plan, former hedge fund manager and five-time author Todd Tresidder unpacks the principles, strategies, and tools you need to grow your wealth in time to get the most out of it.

Summary of Van K. Tharp's Trade Your Way to Financial Freedom 2nd Edition Everest Media, 2022-03-31T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The first part of the book is about selfdiscovery and moving yourself to a point where it's possible for you to do market research. You can't design a system that's right for you unless you know something about yourself. #2 The secret to making big money in the market is buying breakouts that go beyond a normal day's range of price movement. This is called volatility breakouts. You can make a bundle by following this advice. #3 The fourth phase is when people start asking you how to do it. In this phase, they are looking for anything that will provide them with the secrets to unlocking the universe of untold riches. They go to lots of seminars and learn about various methods. #4 The investor's search for the Holy Grail is a search for the magic secrets of the market that will make them rich. However, these secrets exist where you would least expect them: in the midst of a spiritual path between pairs of opposites, such as profits and losses.

Financial Freedom Grant Sabatier 2020-04-07 The International Bestseller "This book blew my mind. More importantly, it made financial independence seem achievable. I read Financial Freedom three times, cover-to-cover." —Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. Financial Freedom is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: * Create profitable side hustles that you can turn into passive income streams or full-time businesses * Save money without giving up what makes you happy * Negotiate more out of your employer than you thought possible * Travel the world for less * Live for free--or better yet, make money on your living situation * Create a simple, money-making portfolio that only needs minor adjustments * Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to

make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

Financial Freedom with Super Trader EBOOK BUNDLE Van K. Tharp 2013-09-20 TWO E-BOOKS IN ONE Trade Your Way to Financial Freedom Van Tharp's proven 14 step model for developing a profitable trading system-as well as his latest methods and techniques for winning in any market. Trade Your Way to Financial Freedom includes information on secular bull and bear markets and macro economics; as well as ways to think about and evaluate trading systems as a set of R multiples (reward to risk). Tharp also elucidates the concepts of expectancy and position sizing-the most important, yet least understood, aspects of profitable trading. Super Trader, Expanded Edition Super Trader provides a time-tested strategy for creating the conditions that allow you to reach levels of trading success you never thought possible. Providing expert insight into both trading practices and psychology, Tharp teaches you how to steadily cut losses short and meet your investment goals through the use of position sizing strategies--the keys to steady profitability. Tharp offers concepts and tactics designed to help you: CREATE AND MEET YOUR SPECIFIC UNDERSTAND THE BIG PICTURE CONQUER COUNTERPRODUCTIVE THINKING MASTER THE ART OF POSITION SIZING STRATEGIES

Building Wealth with Silver Thomas Herold 2011-01-03 The greatest transfer of wealth in the nation and the world is now unfolding. Money is about to flow away from the financially uninformed and flow towards the financially well-informed in the years ahead. Whenever governments start to dilute their money investors transfer their money into gold and silver. Although gold is a great way to preserve your

wealth, it's silver you could actually make a fortune with. Protect your savings and create a substantial investment income every single month. Financial ignorance is the only reason you are not yet cashing in on the biggest wealth transfer in history. A Solid Method to Achieve Financial Freedom This book will show you exactly how to live and prosper by the new laws of money in the new economy. It will show you how to beat the new money thieves (Banks and Governments) at their own game while quietly profiting from the money meltdown that is now underway. We are approaching a monetary crisis of epic proportions never before seen. You are probably aware of the rising price of gold that's been going on for almost 10 years now. Most recently, gold started climbing with even greater speed. History repeats itself again and again. Whenever governments start to dilute their money investors transfer their money into gold and silver. Gold and silver have intrinsic value and will always prevail in any economy. Many financial experts predict that gold could at least double to \$3,000 . . . \$3,500 . . . and some say even \$5,000! But experts also predict the price of silver could rise seven to eight times its current value before hitting its peak. What most non-investors and investors – including yourself – probably don't realize is that although gold is a great way to preserve your wealth, it's silver that could actually make you rich! The price of gold has already risen dramatically, but silver is just beginning its parabolic climb. Over the last 9 years the silver price increased an average of 29% per year! Compare this to the stock and real estate market, which declined when adjusted for inflation. Nine Reasons Why Silver is a Unique Wealth Building Instrument Silver, like gold, has intrinsic value Silver has been in a commodity bull cycle since 2000 Silver is a safe hedge against currency inflation Silver is a security choice during times of financial crisis Silver is rarer than gold Silver is used in 90% of all electronics – and its mostly non-renewable Silver leasing – the scam will be exposed soon Silver investment markets are expanding thanks to the Chinese What You Will Learn From Building Wealth with Silver You will discover why the Federal Reserve was created and why you and I have been kept in the dark about its true purpose. Eight Edges You Must Have Van K. Tharp 2013-04-16 Why investors lose money and how NOT to Wall Street makes it easy to jump into the game of trading. After all, they love taking your money. Trading without proper preparation could be a windfall for your broker, but fatal for your account. In this e-book, bestselling financial writer and trading expert Van K. Tharp shares eight essential rules that will help you NOT lose your shirt and even make a profit in the world of trading. In Eight Edges You Must Have: Your Written Trading Plan, Van K. Tharp explains that success in the markets takes the same amount of—perhaps even more—work, study, and commitment that any other profession requires. For those people who are committed to learn how to trade properly, who do the obligatory work and possess the necessary talents, it is quite possible to make a lot of money in the market in the long run. To that end, he outlines the eight key reasons why people lose money in their trading and investing and shows how to avoid them. Lists the eight essential reasons people fail at trading—from the fact that you're playing Wall Street's game to the common misconception that trading is technical when in fact, it's 100% psychological Written by recognized trading expert Van K. Tharp, bestselling author of Trade Your Way to Financial Freedom Reveals the secrets of trading psychology that can give traders a significant advantage Utilizing charts and solid data throughout the book, Tharp arms traders with eight essential rules to follow to protect themselves from falling into the traps awaiting the poorly prepared and to maximize their potential for coming out winners in the game of the trade.

Whatever your skill level, Tharp provides the formula for succeeding in a field where most people fail.

Trade Your Way to Wealth Bill Kraft 2011-01-04 Successful trader and advisor Bill Kraft shows how to trade the financial markets in a way that limits risk and provides the potential for big profits. Kraft, who left a successful law practice to become an independent trader, explains his own educational process and how he arrived at a trading approach that primarily uses options to generate consistent income, limit risk, and participate in big market moves. In simple and down-to-earth language, Kraft explains a variety of strategies including buying and selling options; covered call writing; collars; using closed end mutual funds for income; debit spreads, volatility-based straddles; ratio backspreads; condors; and calendar spreads. Kraft emphasizes that traders need to first develop a sound and reasonable business plan ? in the same manner that any entrepreneur would plan a new business. Armed with the strategies explained in the book and a solid business plan, traders will have a blueprint for generating consistent profits in a relatively stress-free and efficient manner.

Trade Your Way to Financial Freedom Van K. Tharp 1999 Your own strengths, style, and personality--and the steps found in this book--can revitalize your trading program! "Van's book gets directly to the heart of what it takes to be a successful trader. It's the best book I've read on trading successfully; not fluff or hype like so many others."--Tom Basso, President, Trendstat Capital Management, Inc. "The trading public owes Dr. Tharp a debt of gratitude for this insightful masterpiece." -Edward Dobson, President, Traders Press, Inc.

Trade Your Way to Financial Freedom Van K. Tharp 2006-12-13 The bestselling holy grail of trading information--now brought completely up to date to give traders an edge in the marketplace "Sound trading advice and lots of ideas you can use to develop your own trading methodology."--Jack Schwager, author of Market Wizards and The New Market Wizards This trading masterpiece has been fully updated to address all the concerns of today's market environment. With substantial new material, this second edition features Tharp's new 17-step trading model. Trade Your Way to Financial Freedom also addresses reward to risk multiples, as well as insightful new interviews with top traders, and features updated examples and charts.

Way of the Turtle: The Secret Methods that Turned Ordinary People into Legendary Traders Curtis Faith 2007-03-30 "We're going to raise traders just like they raise turtles in Singapore." So trading guru Richard Dennis reportedly said to his long-time friend William Eckhardt nearly 25 years ago. What started as a bet about whether great traders were born or made became a legendary trading experiment that, until now, has never been told in its entirety. Way of the Turtle reveals, for the first time, the reasons for the success of the secretive trading system used by the group known as the "Turtles." Top-earning Turtle Curtis Faith lays bare the entire experiment, explaining how it was possible for Dennis and Eckhardt to recruit 23 ordinary people from all walks of life and train them to be extraordinary traders in just two weeks. Only nineteen years old at the time--the youngest Turtle by far--Faith traded the largest account, making more than \$30 million in just over four years. He takes you behind the scenes of the Turtle selection process and behind closed doors where the Turtles learned the lucrative trading strategies that enabled them to earn an average return of over 80 percent per year and profits of more than \$100 million. You'll discover How the Turtles made money--the principles that guided their trading and the step-by-step methods they followed Why, even though they used the same approach, some Turtles were more successful than others How to look beyond the rules as the Turtles implemented them to find core strategies that work for any tradable market How to apply the Turtle Way to your own trades--and in your own life Ways to diversify your trading and limit your exposure to risk Offering his unique perspective on the experience, Faith explains why the Turtle Way works in modern markets, and shares hard-earned wisdom on taking risks, choosing your own path, and learning from your mistakes.

arbitrage strategies. Reading the Long/Short Margin Ratio Hedge strategy first will help with comprehension of the Short/Long strategy's advanced discussion.

Weekly Options for Monthly Income Jon Schiller, Ph.d. 2015-10-06 Weekly Index Options became available on the Chicago Board of Options Exchange in 2003. I have watched this type of Options Trading evolve as more investors used weekly trading. The trading software I have developed adapted to the weeklies evolution. The software became simpler: It uses SPX for the weekly options My principle strategy for trading Weekly Index Options uses 2 sigma Condors: Short Calls 2 standard deviations above the market and the Long Calls the next strike price higher; Short Puts 2 standard deviations below the market and the Long Puts the next strike price lower. This is called 2 Sig Iron Condors. I have developed a tactic to make weekly profits in spite of the huge daily Up and Down movements in the SPX. SelfAdapSPXweeklyVLTy is the name of my software which I use to generate monthly income. The software described in this book uses only SPX for the options because I discovered that when I used other underlying stocks or indices such as Google and SPY, SPX usually finished best. This book describes how to use the TradeMonster real-time SPX quotes for computing the 2 sig Condors used in my Software: SelfAdapSPXweeklyVLTy. Trade Monster's affiliate OptionsHouse can be used for Weekly Options trading if you have a minimum of \$2,000 in the account. I use 1/4 of the capital = \$500 for Margin to generate about \$100 for the week or \$400 for the Month. In other words you get 90% return per month on \$500 margin. Remember the weekly in-out trades should be no more than 2 per week to avoid being designated a day trader by your broker which requires a minimum of \$25,000 in your account.

Financial Freedom Through Electronic Day Trading Van K. Tharp 2001-01-08 An increasing number of investors are entering the high-risk world of electronic day trading—often before they've learned the basic principles and safeguards. Financial Freedom Through Electronic Day Trading combines Van Tharp's mastery of trading psychology with Brian June's nuts-and-bolts expertise to give day traders the proven strategies and information they need to survive and succeed. From little-known day trading entries and exits to techniques that foster winning attitudes and styles, these practical ideas will help readers develop their own personalized trading systems. The perfect combination of psychological preparation and hands-on practice, it discusses: *Market analysis from a day trading perspective *Techniques for determining a market maker's position *The best day trading software

Death by Day Trading Zordi Cobre 2017-10-04 What is that lyric in that one song? "The lure of easy money has a very strong appeal". Maybe you decided to get into the day trading business of investing and/or investing and trading because you saw some late-night TV commercial about day trading with flashy offers. Perhaps you received a spam e-mail touting some day trading method or system that said you could make easy money in the markets; I suggest you reconsider if that's the case. Death by Day Trading is for all beginning aspiring investors and traders who are just getting their head around doing the day trading business who go online and do a search to find information on how to do financial market trading and it should be the first book a brand new beginner reads before any other books on trading as far as I'm concerned and will be the most harsh and brutal day trading book they have ever read. Everyone has their own ideas of what they think day trading is and what it can do for them; you need to look at it from a realistic perspective from the start and Death by Day Trading is absolutely going to help you to do that. This book is for beginners and will detail many of the things that a brand new trader must learn not to do before they can become consistently profitable in the live markets. You're heard the saying "just say no to drugs", just say no to day trading and you and your account will be waaaaay ahead of the game to start off. Don't say I didn't warn you, OK, continue with your insanity and read the entire book to give yourself a fighting chance. Death by Day Trading can help you keep it simple and filter the huge amount of information out there down to only what you need to know right away and then can work towards adding more information and studies as you go. My trading philosophy is to start small and build on success have limited exposure while you hone your skills, then progress as you become more competent. You can use Death by Day Trading and the references, suggestions and tips in it to go further into your educational studies of the markets and there dynamics. Knowing market dynamics is going to be critical for you to have the winning edge you will need to be a successful market participant. By studying what this book suggests you will not become one of the 97% of the sheeple of the herd, don't become one of them.
